Summary

A detail-oriented Frontend Developer with a foundation in React and Angular, built within enterprise-grade environments. Brings a unique background in client-facing roles, entrepreneurship and technical instruction, fostering exceptional communication, problem-solving and a deep understanding of user needs. Proven ability to collaborate effectively within distributed, cross-functional Agile teams across time zones to deliver maintainable and accessible web applications. Eager to contribute and grow with a team of experienced engineers on your company.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3, SASS/SCSS
- **Frameworks & Libraries:** React, Angular, Angular Material, Material UI, PrimeNG
- **Testing:** Jest, React Testing Library, Vitest
- **Tools & Concepts:** Git, GitHub, Bitbucket, Vite, REST APIs, CI/CD (Jenkins and Kibana logs), npm, pnpm
- **Development Principles:** Component-Driven Development, Accessibility, S.O.L.I.D. & DRY Principles, Cross-Browser Compatibility, Responsive Design, Localization (Transloco i18n), Micro-Frontends

Professional Experience

Frontend Developer (React) at EY (2022-2025)

Worked on a complex, enterprise-level financial web application for UK banking client

- Built and debugged responsive, reusable SPA components with React, TypeScript, CSS3 and Storybook, following S.O.L.I.D. and DRY principles
- Contributed to code quality through refactoring, unit testing and accessibility compliance, prioritizing clean and maintainable code
- Collaborated daily with Product Management, Business Analysts, UI/UX designers, DevOps and Developers through Jira tickets, across different time zones, demonstrating strong verbal and written communication skills
- Gained exposure to a micro-service architecture and custom validation libraries within a large-scale enterprise environment
- **Tech stack:** React, TypeScript, JavaScript, CSS3, JSON, Redux Toolkit, Storybook, Jest, React Testing Library, Jenkins, Kibana, ES Lint, Jira, Git, GitHub, pnpm

Frontend Developer (Angular) at Intelligent Betting Software (2020-2021)

Worked on a localized and full responsive back-office betting platform web application

- Built, debugged and refactored responsive, reusable components and dynamic SPA with Angular, TypeScript, RxJS, Angular Material, PrimeNG, CSS3 and SCSS, ensuring cross-browser compatibility
- Integrate REST APIs and implemented Transloco i18n for multi-language support
- Mentored a junior developer on Angular fundamentals and CSS best practices, improving team output and fostering knowledge sharing
- **Tech stack:** Angular, TypeScript, JavaScript, RxJS, REST APIs, JSON, PrimeNG, Angular Material, HTML5, CSS3, SASS, Transloco i18n, Redmine, Git, Bitbucket, npm

Web Developer (Freelance) (2018-2020)

Worked on building full responsive websites

- Built responsive, pixel-perfect websites using HTML5, CSS3 (Grid/Flexbox), SVG, SEO, SCSS (BEM Methodology) and DRY principle, ensuring cross-browser compatibility
- Developed a full-stack CRUD application using basic PHP with an MVC architecture and MySQL, demonstrating initiative and full-project ownership
- Mentored a colleague in modern Web development techniques and basic PHP logic
- **Demo Projects:** [Kafeterija Kraljevo](#), [Wedding website](#), [Market](#), [Rafting](#), [Spaceweb](#), [Ada-Ciganlija](#), [PHP-MVC](#)

Differentiating Experience & Achievements

Founder & Lead Instructor at Naturally Dance (2013-2020)

Client-focused service delivery for international audiences

- **Operational & Creative Leadership:** Founded and scaled a dance school from concept to a functioning business, managing all aspects from budgeting and marketing to curriculum development for over 10 dance styles
- **Project & Event Management:** Orchestrate small and large-scale local & international events including "Beogradska Disko Žurka - Belgrade Disco Fever" (1000+ participants per event). Mastered end-to-end logistics, vendor coordination and creating inclusive & engaging experiences
- **Project Marketing:** Engineered targeted marketing campaigns and built an engaged community through active communication on social media platforms (Facebook, Instagram, Messenger). This experience directly translates to understanding user engagement and building for a diverse, international audience
- **User Empathy & Communication:** Developed and delivered instruction for diverse student cohorts, requiring patience, clarity and the ability to adapt communication styles to different needs
- **Collaboration & Teamwork:** Cultivated inclusive, collaborative environments that bridged cultural and generational divides

Education & Development

- **Web Design & PHP/MySQL Courses** at Poslovna Savršenost d.o.o. Belgrade
- **Equivalent Professional Experience:** 4+ years in complex Frontend development (React/Angular)
- **Electrotechnical School "Rade Končar"** | High School Diploma
- **Certifications:** [Advanced Javascript](#), [Advanced CSS and Sass: Flexbox, Grid, Animations and More!](#), [React Testing Library with Jest / Vitest](#) and [more](#)
- **Portfolio:** [React Portfolio](#) | [Web Design Portfolio](#)
