

Miloš Ćemalović

SUMMARY

I am a software developer always ready to apply my knowledge and skills for continuous improvement. Working in a large corporation I have been exposed to clients with various backgrounds and nationalities. This experience allowed me to strengthen my pro-activity and assertive approach and successfully apply them to all project development stages - from idealization, planning, execution, monitoring and control to closure.

PROFESSIONAL EXPERIENCE

Frontend Developer at EY Technology Consulting (2022-present)

Working as a React developer, I've been a member of multiple teams involved in building complex IFA (Independent Financial Adviser)

- Web application for buying insurance for a UK based banking client
- Developing and maintaining UI standalone and reusable components
- Implementing Storybook components based on Material UI
- Writing units tests with Jest and React testing library
- Excellent communication with different team members across different time zones

Tech stack: React / TypeScript / JavaScript / Material UI / Jest / React Testing library / ES Lint / JSX / CSS3 / Git / GitHub / npm

Frontend Developer at Intelligent Betting Software (2020-2021)

As a Junior Angular developer, I've successfully deployed an in-house platform, leveraging cutting-edge technologies to create dynamic, responsive, and localized web application.

- Web application for betting back-office management
- Developing and maintaining UI standalone and reusable components
- Implementing HTML5, Angular Material and PrimeNG components
- Styling components with SCSS and PrimeNG classes
- Build application for production

Tech stack: Angular / TypeScript / RESTful API / PrimeNG / Angular Material / SASS / CSS3 / HTML5 / Transloco i18n / Git / Bitbucket / npm
