Professional Experience

Frontend Developer | EY, Belgrade (02/2022 - 05/2025)
Contributed to a large-scale financial SPA for UK banking client

- Built and debugged responsive, reusable SPA components with React, TypeScript, CSS3 and Storybook, following S.O.L.I.D. and DRY principles
- Maintain a high standard of code quality and performance through refactoring, unit testing, code review, accessibility compliance, prioritizing attention to detail, clean and maintainable code
- Collaborated daily with Design, Backend, QA and Product in team activities using Jira and Agile/Scrum development methodologies across different time zones, demonstrating strong verbal and written communication skills
- Debugging pipeline and services by reading Jenkins and Kibana logs
- Gained exposure to a micro-service architecture and custom validation libraries within a large-scale enterprise environment

Technologies: React, TypeScript, JavaScript, CSS, Redux Toolkit, Storybook, Jest, React Testing Library, Jenkins, Kibana, ES Lint, Agile/Scrum, Jira, Git, GitHub, pnpm

Frontend Developer | Intelligent Betting Software, Belgrade (11/2020 - 08/2021)
Contributed to a localized and full responsive back-office betting platform

- Built, debugged and refactored responsive, reusable components and dynamic SPA with Angular, TypeScript, RxJS, Angular Material, PrimeNG, CSS3 and SCSS, ensuring cross-browser compatibility
- Integrate REST APIs and implemented Transloco i18n for multi-language support
- Mentored team members on Angular fundamentals and CSS best practices, improving team output and fostering knowledge sharing

Technologies: Angular, TypeScript, JavaScript, RxJS, REST API, HTML5, CSS3, SASS, PrimeNG, Angular Material, Transloco i18n, Redmine, Git, Bitbucket, npm

Web Development Training & Foundation

- **Studio 77, Belgrade (04/2019 - 07/2019):** Implemented Technical and On-page/Off-page SEO strategies to optimize websites for speed and rankings
- **Independent Project & Courses (08/2018 - 10/2020):**
  - Built pixel-perfect websites using best practices in UX with HTML5, CSS3 (Grid/Flexbox), SEO and SASS, ensuring full responsive design and website performance. Troubleshoot, test and resolve issues across browsers and devices
  - Developed a full-stack CRUD application using PHP with an MVC architecture and a MySQL database
- **PHP with MySQL course (10/2017 - 07/2018)** | Poslovna Savršenost, Belgrade

Technologies: HTML5, CSS3, CSS Grid/Flexbox, SASS, SVG, SEO, PHP, SQL, Git

Value-Add Experience

Founder & Lead Instructor | Naturally Dance, Belgrade (05/2013 - 05/2020)

- Founded and managed a business, handling budgeting, marketing and event logistics for audiences of 1000+ attendees and weekly classes. Always open for communication and for the ability to improve processes through collaboration with different teams
- This experience cultivated exceptional project management, client communication and problem-solving skills under pressure
